April 13, 2006

STATE ROUTE 210 CONSTRUCTION WILL REQUIRE INTERMITTENT CLOSURES OF CAJON BOULEVARD IN SAN BERNARDINO

State Route 210 construction will require intermittent closures of Cajon Boulevard in San Bernardino. Construction crews will continue bridge construction between Medical Center Drive and Hancock Avenue through late 2006.

Flagmen will be stationed at each end of the construction area to control traffic and enforce safety when a full closure is not required. Signs will be posted to alert drivers of possible delays. When a full closure is required, motorists and pedestrians can use California Street, Highland Avenue, and Medical Center Drive as an alternate route (see map). Detour signs are in place to direct drivers through the area.

For more project information, call the Route 210 toll-free helpline at 1-866-HELP-210 or visit the SANBAG website at www.sanbag.ca.gov. SANBAG and Caltrans appreciate your patience during construction of this new freeway. Please allow extra time when traveling through the construction area and follow all signs and detour routes.

Remember, Safety: It's no accident!
